

The CT Yankees organization is a AAA youth hockey program dedicated to helping boys and girls excel in the sport of hockey. We promote sportsmanship, responsibility and dedication from a young age. By helping our players develop character in addition to hockey skill, we ensure that every player has a memorable and positive experience regardless of the level to which they aspire.

The coaches and staff of the CT Yankees endeavor to help all our players improve the educational opportunities available to them by enabling them to reach their fullest potential as hockey players. The CT Yankees' success has led parents to seek out our hockey program. It has also led prep schools and colleges to seek out our scholar-athletes. Virtually 100% of these scholar-athletes are recruited by colleges. And, more than 91% of our players attend the TOP 100 SCHOOLS in the nation.

Please visit our website for more information regarding the CT Yankees program.
